

SPORTS MEDICINE, MINOR

Program Overview

The sports medicine minor at CWRU is a comprehensive program that includes didactic and clinical coursework designed to expose students to a broad base of fundamentals in sports medicine. While open to any student at CWRU, this minor is ideal for those pursuing majors in the health care, education or coaching realms. It will provide them with indispensable knowledge in the areas of general medical conditions, sports nutrition, pharmacology, injury evaluation, emergency care and more! Students will also grasp the foundations of musculoskeletal injuries, the care and prevention of athletic injuries, therapeutic rehabilitation techniques and modalities application.

For more information about the minor in sports medicine, please contact:
